Church Directory

church@paravista takes the privacy of your information seriously. The green, Church Life Form, is to obtain personal information that is used to maintain church records. The information used by the church is to enable us to contact you, encourage you in your walk with Christ, and maintain records for voting that is open to members only. The information used by the church also helps church members to contact and encourage one another. However, we need to ensure that any information provided by you to the church, in good faith, has your permission to be recorded in the Church Directory for use by others within the church.

Because the Church Directory is updated a number of times each year, the purpose of this form is to identify what personal information you give permission to be included in the Church Directory. The Church Directory in future will only be distributed in password-encoded PDF soft-copy, or restricted paper copies available from the Church Office.

Ways to Serve

If you have been here for a while, chances are you have been greeted by smiling faces at the door, enjoyed a cup of coffee after the service from the café, or even a meal. You've had clean bathrooms stocked with toiletries, musicians who have lead you in worship, maybe attended a ministry and, if you have children, they may have been taught at Sams or looked after at crèche. All of this happens each week by faithful volunteers who give up their time to serve Jesus by serving you. And we are always in need of more help.

By ticking a box, you won't be locking yourself into anything. One of the Pastors, Elders or ministry leaders will be in contact to discuss these opportunities further.

It is a legal requirement that anyone who serves in ministry with children, youth and other vulnerable people will require a police check before commencement. We can arrange this for you if you so desire.
