Through a Home Group: These can help those who might be struggling with job loss, sickness, family issues or practical assistance around the home, or the provision of a meal.

You can join a Home group by contacting Jim Docking at **jimmaureen@adam.com.au** or contact the church office.

By talking with an elder, at the front of the church, at the end of the Church service.

By contacting the Pastoral Care team who would love get to know you. Please call the church office.

By doing life together. Talk, encourage, and pray with friends in the church, those you sit next to, those in ministry with you and in ministries that you go to. Look out for others and be pro-active about supporting and caring for them.

Do you need pastoral support?

From the Desk: Joseph – More Lessons for Us.

The story of Joseph in Genesis, chapters 39 to 50, is a fascinating study of a faith that transformed trials and troubles into triumphs. The key ingredient in this transformation process was, 'the Lord was with Joseph" (Gen 39:2, 21 & 23). The "Lord with Joseph" was a repeated feature of Joseph's life to indicate that his life was never really out of control, despite what the view from the bottom of a pit must have seemed for Joseph.

Joseph's story was woven by God into the fabric of the Divine Drama of Redemption. As Paul Tripp describes, "the inertia of redemption carried his story along. The goal of redemption guaranteed his destiny". In this way, Joseph's story was ingrained with meaning and significance because his story was part of God's story. This is the position of all whose life is lived with God and under His sovereign control. Is this your life?

Through painful training and testing Joseph was prepared and equipped for the great responsibility and opportunity of high office and great influence.

This great influence saw God use Joseph to save his family and deliver the land of Egypt.
